CompassionAndChoices.org

Hello,

Thank you for contacting Compassion & Choices, End of Life Consultation (EOLC). We offer support, education and advocacy to individuals, families and healthcare providers interested in end-of-life options. EOLC provides accurate, unbiased and non-judgmental information on the full range of options at the end of life. We do not provide medical or legal advice. Nor do consultants endorse or encourage any particular plan or option. Our goal is simply to educate people on their options. Whether to implement a plan or make an end-of-life decision is each individual's choice.

Enclosed you will find our EOLC general information packet, which includes our *End-of-Life Decisions Guide*. These documents address an array of end-of-life issues and options for consideration. Our website provides additional material addressing the spectrum of end-of-life topics. We invite you to visit <https://compassionandchoices.org/end-of-life-planning>.

We are working toward the goal that all medical providers and health care systems offer the full range of end-of-life care options. Our Doc-to-Doc Program provides free consultation to medical providers and pharmacists who seek to learn more about how to provide end-of-life support to patients. If your physician or pharmacist is interested or has questions about end-of-life care issues, we invite them to call 800.247.7421, or to visit our website: <https://compassionandchoices.org/d2d>.

If you have any questions after reviewing the enclosed material, we invite you to visit our website. Or you can call us to speak with one of our end-of-life consultants.

Warmest Regards,

End-of-Life Consultation Team
